Problem Statements (PS)

◆ PS-1 (Renter Perspective)

◆ PS-2 (Property Owner Perspective)

Problem Statement (PS)	I am	I'm trying to	But	Because	Which makes me feel
PS-1	a renter searching for a house to stay.	find a suitable rental property that matches my budget and location preference.	I struggle to find verified listings and accurate property information.	most available options are scattered across different sources or depend on brokers who charge high commissions.	frustrated, confused, and unsure about making a safe rental decision.
PS-2	a property owner who wants to rent out my house.	list my property and connect directly with genuine renters.	I find it difficult to reach potential tenants without relying on brokers or manual advertising methods.	there is no centralized platform that allows secure listing, booking management, and communication.	dependent on third parties and limits my ability to manage my property efficiently.
